## OBJECTIVES

A recent Information Technology graduate seeking an entry-level position where I can apply my technical skills, gain hands-on experience, and contribute effectively while continuously improving my professional abilities.

## EXPERIENCE

### Faith Christian Academy, Kasiglahan Village — OJT

January 2025 - May 2025

During my 4 months OJT, I gained hands-on experience in both design and technical support. I helped create and design certificates for students, ensuring they were visually appealing and professional. I also contributed to designing the school's accounting system to improve efficiency and accuracy. Additionally, I assisted in troubleshooting and maintaining the school's computers to ensure smooth daily operations.

## EDUCATION

### Colegio De Montalban, Kasiglahan Village Rodriguez Rizal *Bachelor of science in Information Technology*

2021 - 2025

### Valley High Academy, Manggahan, Rodriguez Rizal *Accounting Business Management*

2019 - 2021

### Gen. Licerio Geronimo Memorial National Highschool , Brgy. Geronimo, Rodriguez Rizal

2016 - 2019

## PROJECTS

### Smart Home Management System — Capstone

An integrated smart home platform designed to provide affordable and practical smart-home experience for individuals and families living in low- to middle-income apartments or condominiums without existing smart-home features.

#### Project Goal:

The goal of the project is to gain real-world experience in developing and integrating hardware and software solutions while creating a low-cost smart home system. The project focuses on accessibility and affordability, allowing users to experience smart-home technology without the high cost typically associated with it.
